

STA 2018 ANNUAL MEETING

Corporate Sponsor &
Exhibit Prospectus

January 10-13, 2018
Turnberry Isle Miami
Aventura, Florida

STA CORPORATE SPONSOR

VISION

The Society for Technology in Anesthesia's (STA) vision is to create and support a community of clinicians, researchers, developers, inventors, engineers, marketers and industry. Our community informs each other about current and proposed future developments in anesthesia equipment, monitors, patient safety, and more.

Meaningful interaction with physician attendees is difficult at many other meetings. The STA members and Board of Directors encourage industry attendees to fully participate in the annual meeting's educational sessions and social events. We encourage open dialogs on trends, active research and patient safety issues between all participants

The relationships developed between industry and key opinion leaders who focus on anesthesia technology are extremely beneficial to developers and manufacturers of both large and small companies. We welcome new technologies and developments and provide unique opportunities to publicize them. While our membership's feedback may be more critical, it is more effective than purely "technological" conferences, and frequently catalyzes success in the anesthesia technology market.

WHAT OUR EXHIBITORS ARE SAYING ABOUT THE VALUE OF THE STA ANNUAL MEETING

"The Society for Technology in Anesthesia annual meeting was one of the best marketing investments I made this year. No other anesthesia conference offers the same access to anesthesia thought leaders and the opportunity to participate in such a collaborative way. At the STA conference, meeting sponsors are not just exhibitors – we were included in discussions, we had access to the STA board, and we were welcomed as partners by the physicians in attendance."

**Kelly Sager, Business Director,
BD Intelliport**

"We don't come to STA to generate leads. We come to network with some of the key physicians in this country (as well as other countries) with a key interest in all aspects of technology in their practice. These relationships are very valuable to us and STA allows us to do this far better than any other conference."

**Heidi Hughes,
Director Marketing,
Philips Healthcare**

"STA provides a venue where the thought-leaders in the field of anesthesia technology, including clinicians, engineers, and exhibitors, gather to engage in advanced discussions about medical devices, software, and other technologies that can fulfill unmet needs in the practice of anesthesiology. The integrated, respectful, and collegial feel of all attendees is complemented by a curriculum that is current, informative, and exciting."

**Daniel Draper,
Nihon Kohden USA**

"The STA annual meeting is a fantastic fusion of industry and clinical practitioners – a highly valuable meeting of minds."

**Paul Addison,
Technical Fellow, Medtronic**

FOCUS GROUPS

The STA Annual Meeting offers a unique opportunity to hold a focus group with STA Board Members and Leadership. Just think of the cost of bringing this many expert users together for a completely separate focus session. This is one of the best deals around! The STA focus groups are held during unopposed meeting time. STA staff will assist in invitations, reminders and on-site meeting arrangements for the focus groups of up to 20 people.

PARTICIPATION IN THE CHALLENGES & OPPORTUNITIES IN DEVELOPING ANESTHESIA PRODUCTS COURSE

Wednesday, January 10, 2018 • 8:00am – 12:00pm

Intro Course: Experienced anesthesiologists have developed this course for corporate members who may be new to the anesthesia market as well as those with experience. The course is designed to provide a concise overview of the specialty and an opportunity to discuss the role of technology in a collegial (non-sales) environment. The course is intended to foster one of STA's primary goals, which is to establish relationships between users and developers of technology.

This course will demonstrate the anesthesiologists' interaction with patients and devices through a dynamic, interactive agenda. The day will include expert mini-lectures and group discussions on key aspects of the clinical specialty, including anesthesia 'work', behaviors driving equipment usage, the state of anesthesia-induced unconsciousness and machine function. The course concludes with a luncheon and networking event attended by the STA Board of Directors.

"This course provides a great overview of anesthesia practice and challenges for those new to the subject, and for those with more experience it provides a chance to discuss latest trends, changes and needs with some of the more forward-thinking clinicians in the field."

**Kevin Tissot, Chief Engineer
Anesthesia and Respiratory Care, GE Healthcare**

STA CORPORATE SPONSOR LEVELS

PLATINUM PLUS \$15,000 US

- Two 8' x 10' Exhibit Booth Spaces
- Eight Complimentary Meeting Registrations
- Eight Memberships in STA
- One time use of STA Meeting Registration List
- Advertising space in STA Interface (one time run - full page, four color ad)
- Prominent Logo Link from the STA Website, www.stahq.org, with link to Corporate Members page
- Opportunity to hold private focus group at Annual Meeting (included)

PLATINUM \$10,000 US

- Two 8' x 10' Exhibit Booth Spaces
- Six Complimentary Meeting Registrations
- Six Memberships in STA
- One time use of STA Meeting Registration List
- Advertising space in STA Interface (one time run - full page, four color ad)
- Prominent Logo Link from the STA Website, www.stahq.org, with link to Corporate Members page
- Opportunity to hold private focus group at Annual Meeting (\$5,000 + based on space availability)

GOLD \$7,500 US

- One 8' x 10' Exhibit Booth Space
- Four Complimentary Meeting Registrations
- Four Memberships in STA
- One time use of STA Meeting Registration List
- Advertising space in STA Interface (one time run - 1/2 page, four color ad)
- Prominent Logo Link from the STA Website, www.stahq.org, with link to Corporate Members page
- Opportunity to hold private focus group at Annual Meeting (\$7,500 + based on space availability)

SILVER \$5,000 US

- One 8' x 10' Exhibit Booth Space
- Three Complimentary Meeting Registrations
